Subject: CT8880, Former Federal-Mogul Site, WO2002011 Mercury unvalidated data
Attachments: 2001011 Former Federal-Mogul Site Mercury.pdf

This e-mail transmits the unvalidated mercury results for the Former Federal-Mogul Site, nCT8880, work order 2001011. These data are attached as a pdf file. While we expect the final data to be the same as the unvalidated data, some minor editing may take place. Please let me know if you have any questions.
